

Savorx Specialty Flavors for Cannabis-Containing Products 2024

Flavor Name	Flavor Description
<p>Gin & Tonic</p> 	<p>A classic London dry blend of Juniper, and other aromatic botanicals. Accompanied by the vibrance and beauty of the finest citrus. This sophisticated and uplifting blend of botanicals and citrus effortlessly compliment the natural bitterness of cannabinoids, as it does for quinine. Naturally high in the terpenes limonene and pinene!</p>
<p>Mango Passionfruit</p> 	<p>The combination of succulent ripe mangos, rich in complex fruity and floral notes with undertones of honey and passion fruit offer a delightful explosion of flavor like none other. Reminiscent of radiant days and blossoming flowers in the tropics. Naturally high in the terpene myrcene!</p>
<p>Spiced Cola</p> 	<p>Spiced Cola presents a rush of nostalgic and comforting flavors. A complete blend of warm, robust spices which comforts your senses with their aromatic charm. Bright citrus adds depth and lift to the flavor profile, and black pepper adds kick that tingles the tastebuds. Naturally high in the terpene beta-caryophyllene!</p>
<p>Tamarind Lime</p> 	<p>Tamarind Lime offers a tantalizing journey through a spectrum of mouthwatering flavors. Tamarinds tangy richness is reminiscent of sun-drenched tropical fruits. This is gracefully complemented by the subtle warmth of ginger. A burst of lime, introduces zesty citrus providing a lift that balances the complexity of tamarind and ginger. The marriage of these bold flavors is both invigorating and exotic!</p>
